MISSIONARY CO-OPERATION PLAN Mission appeal, July 20/21, 2024:

Dear Parishioners,

Please join us this weekend to hear Rev. Fr. John Bosco Mujuni speak at all the masses about supporting his home mission Church in the Archdiocese of Mbarara, Uganda. When Fr. John Bosco was here in 2022, he spoke about a new Church under construction. He was supported. This time he is going to update us on how far the construction has gone and will ask for more financial support towards completion. Completion will include painting, face brick works, floor finishings, plumbing and electric installation; estimated at \$40,000.

there will be appeal envelopes where you can put your donation. If you are writing a check, make it payable to- St. Anthony Parish and on the memo, write mission appeal. Later on, all the checks and other cash donations will be put on one check and sent to Fr. John Bosco's home Church. If you will not be at Mass, you can send your donation by any other envelope of your choice and mark your donation as Mission appeal. Your donation qualifies for a tax deduction when filing for taxes in 2025. Please let us welcome Fr. John Bosco and be as generous as we can.

In Christ,
Fr. Charles

A flyer with suggested items will be handed out this weekend. Items may be placed in the bin in the gathering space. If you prefer to give a monetary donation, there are envelopes near the bin. The collection will run through July 28.

SIXTEENTH SUNDAY IN ORDINARY TIME

St. Anthony Camerata Chorale Festival Choir

Dear St. Anthony Parish Family...

Members of the St. Anthony Camerata Chorale and friends leave to journey through Ireland and Scotland early Monday, July 29th. In addition to singing a lunchtime concert at St. Patrick's Cathedral in Dublin on the 30th, we are blessed to be the choir singing for the daily scheduled 3:00 p.m. Mass of Healing at the Basilica of Our Lady of Knock on the 31st.

As you may recall, when on pilgrimage with Fr. Charles in the Holy Land...we asked you all for your prayer intentions which we placed in a beautiful blue bag, to be offered each day during our Masses. This precious bag was placed at the site of the Lord's manger, on the Rock of Gethsemane, touched to the pillar of Our Lord's Scourging and rested on Our Savior's tomb. It resides, with all prayers still intact, in our prayer box that is offered at every weekend Mass!

We are taking this bag with us to the Healing Mass at Knock to touch to the site of Our Lady's apparition; placing it on the grave of Sister Clare Crockett in Derry and at the Vigil Mass at Good Shepherd Church that we are singing in Glencoe, Scotland on August 3rd.

Please bring your prayer requests to church by the 28th for inclusion in this now world traveling, second class relic bag to be offered for you all on our journey!

You will find a basket marked Ireland/Scotland Prayer Offerings on the welcome center to put your prayers in.

Blessings!

John Darling, & Mary Ann Fahey-Darling

IV. DECLINE IN THE QUALITY OF HUMAN LIFE AND THE BREAKDOWN OF SOCIETY

43. Human beings too are creatures of this world, enjoying a right to life and happiness, and endowed with unique dignity. So we cannot fail to consider the effects on people's lives of environmental deterioration, current models of development and the throwaway culture.

44. Nowadays, for example, we are conscious of the disproportionate and unruly growth of many cities, which have become unhealthy to live in, not only because of pollution caused by toxic emissions but also as a result of urban chaos, poor transportation, and visual pollution and noise. Many cities are huge, inefficient structures, excessively wasteful of energy and water. Neighbourhoods, even those recently built, are congested, chaotic and lacking in sufficient green space. We were not meant to be inundated by cement, asphalt, glass and metal, and deprived of physical contact with nature.

45. In some places, rural and urban alike, the privatization of certain spaces has restricted people's access to places of particular beauty. In others, "ecological" neighbourhoods have been created which are closed to outsiders in order to ensure an artificial tranquillity. Frequently, we find beautiful and carefully manicured green spaces in so-called "safer" areas of cities, but not in the more hidden areas where the disposable of society live.

46. The social dimensions of global change include the effects of technological innovations on employment, social exclusion, an inequitable distribution and consumption of energy and other services, social breakdown, increased violence and a rise in new forms of social aggression, drug trafficking, growing drug use by young people, and the loss of identity. These are signs that the growth of the past two centuries has not always led to an integral development and an improvement in the quality of life. Some of these signs are also symptomatic of real social decline, the silent rupture of the bonds of integration and social cohesion.
